

Ilirjan Rexho

SAP PI/PO + Cloud Integration Developer & Consultant | AI Engineer | Data Engineer

Email: ilrexho@outlook.com

Essen / Vlore - EU & International | <https://github.com/ilrexho2011> | <https://www.linkedin.com/in/ilirjan-rekho/>

ENGLISH

Professional Profile: SAP Integration Consultant and Developer with long-standing software engineering background and strong recent focus on SAP PI/PO, SAP BTP Integration Suite, Cloud Integration, API Management and Advanced Event Mesh. Combines integration delivery, AMS/OCC support, interface monitoring and error handling with AI Engineering capabilities such as RAG systems, vector databases and workflow automation. Target profile: SAP Integration / AI / Data Engineering roles for EU, UK and US companies.

Core Competences • SAP PI/PO + CI/CPI development and support across retail and AMS environments. • AI Engineering portfolio: FastAPI, vector DB, embeddings, RAG search, ticket automation.	Professional value proposition • BTP Integration Suite delivery with iFlows, OData, IDoc, SOAP, REST, File adapters and API policies. • Full-stack and data engineering foundation: Python, JavaScript/Node.js, PHP, SQL, SAP HANA.
--	---

Technical Environment

SAP Integration	AI Engineering	Data Engineering	Software / Tools
• SAP PI/PO • SAP Cloud Integration / CPI / CI • SAP BTP Integration Suite • API Management • Advanced Event Mesh • IDoc, SOAP, REST, File adapters • OData, XSD/XML/JSON mappings • BPM, alerting, monitoring	• LLM application design • RAG and vector search • FastAPI backends • Embedding services • Qdrant / Vector DB • Jira API integration • AI workflow automation	• SQL / MySQL / PostgreSQL • SAP HANA • ETL and data parsing • Data conversion XML/JSON/AJAX • Data quality and reporting	• Python • JavaScript / Node.js • PHP • HTML5 / CSS • Java • C/C++ / C# • SAP UI5 / Fiori • SAP Business Application Studio • SAP HANA Studio / Cockpit • SAP Cloud Connector • Confluence / Jira / Trello • PuTTY / WinSCP

Selected Project Experience

07/2025 - today	Multi-Agent RAG System Role: Developer & Tester Domain: Generative AI / SAP Integration	Technology stack: Python, SAP PI/PO, SAP Cloud Connector, SAP S/4HANA, Vector DB, SAP Integration Suite, SAP Fiori, Jira / Confluence • FastAPI backend setup • Qdrant vector database deployment • Embedding service configuration • Document parser and metadata assignment
01/2025 - 11/2025	Event-Driven Integration with SAP Advanced Event Mesh Role: Developer & Tester Domain: SAP AEM / Integration Suite	Technology stack: JavaScript, Node.js, SAP CPI/CI, SAP UI5, SAP AEM, SAP S/4HANA • SAP Cloud Integration iFlow creation • SAP Fiori/UI5 web API as process trigger • AEM broker integration with SAP CI, POS and S/4HANA consumers • OData CRUD operations against S/4HANA data
08/2024 - 10/2025	Elite Online Academy Role: Developer & Tester Domain: SAP APIM / Education Platform	Technology stack: JavaScript, Node.js, SAP CPI/CI, SAP UI5, SAP API Management, SQL, S/4HANA • Exam generation and processing automation

		• API proxy, API product and API key setup • Traffic management using Spike Arrest policy • SAP CI iFlows and Fiori process initiation
04/2024 - 07/2025	Sales Order Creation Automation Role: Developer & Tester Domain: SAP Integration / Sales Process	Technology stack: SAP Fiori, SAP BTP, SAP HANA DB, SAP Integration Suite, PHP, JavaScript, HTML5, CSS • SAP Integration Suite iFlow development • Fiori/UI5 API for process start • Open Connector and Cloud Connector usage • OData CRUD operations in S/4HANA
08/2023 - 12/2023	SAP PI/PO/CPI Consulting Role: SAP PI/PO/CI Consultant Domain: AMS Support / Beverage Industry	Technology stack: SAP PI/PO, SAP BTP, SAP Integration Suite, SAP Business Application Studio • Interface and mapping object creation • PI/PO/CPI monitoring, error analysis and incident handling • Integration via IDoc, SOAP, REST and File adapters • iFlow creation in SAP Integration Suite
01/2023 - 09/2025	SAP PI/PO/CPI Consulting - Aldi Nord Role: SAP Consultant & Developer Domain: AMS Support / Retail	Technology stack: AMS Support, SAP PI/PO, SAP CI • SAP system documentation and consulting • Operation Control Center support • PI/PO/CPI troubleshooting and ticket resolution • Integration objects and mappings
08/2022 - 09/2025	SAP OCC Consulting - Aldi Nord Role: SAP Consultant Domain: AMS Support / Retail	Technology stack: OCC Consulting, AMS Support, SAP IDoc • Monitoring of infrastructure and network parameters • SAP system documentation • Error analysis and incident handling • IDoc message processing and correction
03/2003 - 07/2022	My School ERP Role: Backend Developer / SQL Maintenance Domain: Education ERP	Technology stack: Python, PHP, Node.js, JavaScript, SQL DB • Electronic management of teaching and school processes • Attendance and exam result tracking • Email/SMS parent notification • Report generation and printing

DEUTSCH

Berufliches Profil: SAP Integration Consultant und Entwickler mit langjährigem Software-Engineering-Hintergrund und aktuellem Schwerpunkt auf SAP PI/PO, SAP BTP Integration Suite, Cloud Integration, API Management und Advanced Event Mesh. Verbindet Integrationsentwicklung, AMS/OCC Support, Schnittstellenmonitoring und Fehleranalyse mit AI-Engineering-Kompetenzen wie RAG-Systemen, Vector Databases und Workflow-Automatisierung. Zielprofil: SAP Integration / AI / Data Engineering Rollen im EU-, UK- und US-Markt.

Kernkompetenzen • SAP PI/PO + CI/CPI Entwicklung und Support in Retail- und AMS-Umgebungen. • AI Engineering Portfolio: FastAPI, Vector DB, Embeddings, RAG Search, Ticket-Automatisierung.	Professional value proposition • Umsetzung in der SAP BTP Integration Suite mit iFlows, OData, IDoc, SOAP, REST, File-Adaptern und API-Richtlinien. • Full-Stack- und Data-Engineering-Basis: Python, JavaScript/Node.js, PHP, SQL, SAP HANA.
---	---

Technisches Umfeld

SAP Integration	AI Engineering	Data Engineering	Software / Tools
• SAP PI/PO • SAP Cloud Integration / CPI / CI • SAP BTP Integration Suite • API Management • Advanced Event Mesh • IDoc, SOAP, REST, File adapters • OData, XSD/XML/JSON mappings • BPM, alerting, monitoring	• LLM application design • RAG and vector search • FastAPI backends • Embedding services • Qdrant / Vector DB • Jira API integration • AI workflow automation	• SQL / MySQL / PostgreSQL • SAP HANA • ETL and data parsing • Data conversion XML/JSON/AJAX • Data quality and reporting	• Python • JavaScript / Node.js • PHP • HTML5 / CSS • Java • C/C++ / C# • SAP UI5 / Fiori • SAP Business Application Studio • SAP HANA Studio / Cockpit • SAP Cloud Connector • Confluence / Jira / Trello • PuTTY / WinSCP

ITALIANO

Profilo Professionale: Consulente e sviluppatore SAP Integration con solida esperienza di software engineering e focus recente su SAP PI/PO, SAP BTP Integration Suite, Cloud Integration, API Management e Advanced Event Mesh. Unisce sviluppo integrazioni, supporto AMS/OCC, monitoraggio interfacce e analisi errori con capacità di AI Engineering come sistemi RAG, vector database e automazione workflow. Profilo target: ruoli SAP Integration / AI / Data Engineering per aziende UE, UK e US.

Competenze Chiave	Professional value proposition
• Sviluppo e supporto SAP PI/PO + CI/CPI in ambienti retail e AMS. • Portfolio AI Engineering: FastAPI, vector DB, embeddings, RAG search, automazione ticket.	• Delivery su SAP BTP Integration Suite con iFlows, OData, IDoc, SOAP, REST, File adapter e policy API. • Base full-stack e data engineering: Python, JavaScript/Node.js, PHP, SQL, SAP HANA.

Ambiente Tecnico

SAP Integration	AI Engineering	Data Engineering	Software / Tools
• SAP PI/PO • SAP Cloud Integration / CPI / CI • SAP BTP Integration Suite • API Management • Advanced Event Mesh • IDoc, SOAP, REST, File adapters • OData, XSD/XML/JSON mappings • BPM, alerting, monitoring	• LLM application design • RAG and vector search • FastAPI backends • Embedding services • Qdrant / Vector DB • Jira API integration • AI workflow automation	• SQL / MySQL / PostgreSQL • SAP HANA • ETL and data parsing • Data conversion XML/JSON/AJAX • Data quality and reporting	• Python • JavaScript / Node.js • PHP • HTML5 / CSS • Java • C/C++ / C# • SAP UI5 / Fiori • SAP Business Application Studio • SAP HANA Studio / Cockpit • SAP Cloud Connector • Confluence / Jira / Trello • PuTTY / WinSCP

Esperienza Progettuale Selezionata

07/2025 - today	Multi-Agent RAG System Ruolo: Developer & Tester Dominio: Generative AI / SAP Integration	Tecnologie: Python, SAP PI/PO, SAP Cloud Connector, SAP S/4HANA, Vector DB, SAP Integration Suite, SAP Fiori, Jira / Confluence • FastAPI backend setup • Qdrant vector database deployment • Embedding service configuration • Document parser and metadata assignment

SHQIP

Profili Profesional: Konsulent dhe zhvillues SAP Integration me bazë të gjatë në software engineering dhe fokus të qartë aktual në SAP PI/PO, SAP BTP Integration Suite, Cloud Integration, API Management dhe Advanced Event Mesh. Kombinon zhvillimin e integritimeve, support AMS/OCC, monitorimin e interfaseve dhe analizën e gabimeve me aftësi AI Engineering si RAG, vector database dhe automatizim workflow-sh. Profil i synuar: role SAP Integration / AI / Data Engineering për tregun BE, UK dhe US.

Kompetencat Kryesore	Professional value proposition
- Zhvillim dhe support SAP PI/PO + CI/CPI në mjedise retail dhe AMS. - Portofol AI Engineering: FastAPI, vector DB, embeddings, RAG search, automatizim ticket-esh.	- Implementim në SAP BTP Integration Suite me iFlows, OData, IDoc, SOAP, REST, File adapters dhe API policies. - Bazë full-stack dhe data engineering: Python, JavaScript/Node.js, PHP, SQL, SAP HANA.

Mjedisi Teknik

SAP Integration	AI Engineering	Data Engineering	Software / Tools
- SAP PI/PO - SAP Cloud Integration / CPI / CI - SAP BTP Integration Suite - API Management - Advanced Event Mesh - IDoc, SOAP, REST, File adapters - OData, XSD/XML/JSON mappings - BPM, alerting, monitoring	- LLM application design - RAG and vector search - FastAPI backends - Embedding services - Qdrant / Vector DB - Jira API integration - AI workflow automation	- SQL / MySQL / PostgreSQL - SAP HANA - ETL and data parsing - Data conversion XML/JSON/AJAX - Data quality and reporting	- Python - JavaScript / Node.js - PHP - HTML5 / CSS - Java - C/C++ / C# - SAP UI5 / Fiori - SAP Business Application Studio - SAP HANA Studio / Cockpit - SAP Cloud Connector - Confluence / Jira / Trello

Eksperiencia e Projekteve

07/2025 - today	Multi-Agent RAG System Roli: Developer & Tester Fusha: Generative AI / SAP Integration	Teknologjitë: Python, SAP PI/PO, SAP Cloud Connector, SAP S/4HANA, Vector DB, SAP Integration Suite, SAP Fiori, Jira / Confluence • FastAPI backend setup • Qdrant vector database deployment • Embedding service configuration • Document parser and metadata assignment
01/2025 - 11/2025	Event-Driven Integration with SAP Advanced Event Mesh Roli: Developer & Tester Fusha: SAP AEM / Integration Suite	Teknologjitë: JavaScript, Node.js, SAP CPI/CI, SAP UI5, SAP AEM, SAP S/4HANA • SAP Cloud Integration iFlow creation • SAP Fiori/UI5 web API as process trigger • AEM broker integration with SAP CI, POS and S/4HANA consumers • OData CRUD operations against S/4HANA data
08/2024 - 10/2025	Elite Online Academy Roli: Developer & Tester Fusha: SAP APIM / Education Platform	Teknologjitë: JavaScript, Node.js, SAP CPI/CI, SAP UI5, SAP API Management, SQL, S/4HANA • Exam generation and processing automation • API proxy, API product and API key setup • Traffic management using Spike Arrest policy • SAP CI iFlows and Fiori process initiation
04/2024 - 07/2025	Sales Order Creation Automation Roli: Developer & Tester Fusha: SAP Integration / Sales Process	Teknologjitë: SAP Fiori, SAP BTP, SAP HANA DB, SAP Integration Suite, PHP, JavaScript, HTML5, CSS • SAP Integration Suite iFlow development • Fiori/UI5 API for process start • Open Connector and Cloud Connector usage • OData CRUD operations in S/4HANA
08/2023 - 12/2023	SAP PI/PO/CPI Consulting Roli: SAP PI/PO/CI Consultant Fusha: AMS Support / Beverage Industry	Teknologjitë: SAP PI/PO, SAP BTP, SAP Integration Suite, SAP Business Application Studio • Interface and mapping object creation • PI/PO/CPI monitoring, error analysis and incident handling • Integration via IDoc, SOAP, REST and File adapters • iFlow creation in SAP Integration Suite
01/2023 - 09/2025	SAP PI/PO/CPI Consulting - Aldi Nord Roli: SAP Consultant & Developer Fusha: AMS Support / Retail	Teknologjitë: AMS Support, SAP PI/PO, SAP CI

		• SAP system documentation and consulting • Operation Control Center support • PI/PO/CPI troubleshooting and ticket resolution • Integration objects and mappings
08/2022 - 09/2025	SAP OCC Consulting - Aldi Nord Roli: SAP Consultant Fusha: AMS Support / Retail	Teknologjitë: OCC Consulting, AMS Support, SAP IDoc • Monitoring of infrastructure and network parameters • SAP system documentation • Error analysis and incident handling • IDoc message processing and correction
03/2003 - 07/2022	My School ERP Roli: Backend Developer / SQL Maintenance Fusha: Education ERP	Teknologjitë: Python, PHP, Node.js, JavaScript, SQL DB • Electronic management of teaching and school processes • Attendance and exam result tracking • Email/SMS parent notification • Report generation and printing
